PANTHER BREAKAWAY, ALTERNATIVE BREAKS MISSION
To challenge Georgia State University students to become agents of social change in cultural and social awareness through education, strong direct service and reflection.

DESCRIPTION
Panther Breakaway, Alternative Breaks is a yearlong experience centered on community service during winter and spring breaks away from classes. Participants learn about and then work with agencies supporting a particular social issue. On location, students work for social change to improve the lives of others and explore the culture and history of the area.

The Alternative Breaks program challenges students to:

• Learn about and critically examine social issues.
• Take thoughtful, meaningful action towards the resolution of the social issues.
• Listen to and understand the community needs, recognize community strengths and work toward a reciprocal community relationship.
• Continue a commitment to service and social change while building new partnerships.
